Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments. The Examiner called Mr. Bedgood to discuss a possible Examiner's amendment to allow the claims. The Examiner informed Mr. Bedgood that the Claims 51 and 82 were double patenting because the base claims required that transformed K cells be formed. Mr. Bedgood agreed to cancellation of Claims 51 and 82 in light of such argument. The Examiner then informed Mr. Bedgood that Claim 118 was dependent on a cancelled claim, and proposed amendment of such claim to depend from Claim 31. Mr. Bedgood agreed to such. Further, it was agreed that such amendments may be done by Examiner's amendment to allow the claims. The interview was then concluded.
